## The Jamboree Patrol Have Named The Villages!

**Maraetai**

**Arapuni**

**Waipapa**

**Ohakuri**

All the Villages were named after lakes that connect directly with the 'Mystery Creek' river. It shows us that water is all connected but each lake has its name/identity; Much like this NZ Scout Jamboree and the Troops within the Villages.

## The Programme Team Leaks Some Secrets

Last issue we asked you to pick Water or Challenge?

If your team picked Water, you're in for a treat! The water cell is an overnight stay at the beautiful Lake Karapiro. Head there after dinner so you can maximise the time exploring the lake.

Challenge yourself with all manner of water craft, practice your Scouting and teamwork skills. Cutters, kayaks, paddleboats and many more. Discover the mystery of the area and did we mention the epic playground?

Next issue: does your Team pick Full Throttle or Adventure?

Take a break! Decode this message from one of our International Guests!

## Staff Camp!

This Jamboree, Staff will be camping together as a group on the Mystery Creek site. As you can expect, the size of the Staff Camp will be about the same size as a Youth Village!

We will need each Staff Member to register/book a site for your tent or caravan, to make sure the Staff Camp will be big enough for everyone. We have limited space in the Staff Camp area and we would like to promote the sharing of tents as much as we can with two or more in a tent.

## Jamboree Director Talks Staff!

I'm so grateful to those people who have offered to be on staff for the Jamboree. You're the people who deliver the Jamboree for our Scouts.

I've also had plenty of questions from Jamboree staff members who are uncertain about what it's like to be a staff member. Questions like where am I going to sleep? Do I need to bring a tent? How do I know where to go when I get to Mystery Creek? How will I know what I'm going to be doing? Do I get some time off? How was I going to eat?

All these questions brought back my memories from the Mystery Creek Jamboree in 2010. It was all a bit mysterious. I kind of worked out that I needed a tent and that I needed to get to Hamilton. I had this interesting role being a programme "trouble shooter" and I had vaguely talked about this with the Programme Director. To be honest it was all a bit mysterious, although that Jamboree was called "A-Jam" – I hoped that I wasn't going to be in "a jam" too.

This time around we're going to solve these "mysteries" as far as we can with a Handbook just for Jamboree Staff. I am also working with the Jamboree Leadership and Management Teams to make sure that you are contacted by the person leading the team you'll be working with. And we will have regular updates for everyone between now and the Jamboree.

Yours In Scouting,

Guy Beatson  
Jamboree Director
